### BASIN. BOISE

Its Great Importance as a Mining Section.

THE WORK THAT IS NOW GOING ON.

The Crop Prospects in and Around Montpeller Were Never Better Than at Present-Other Notes.

As a mining country, Boise county deserves much more attention from eastern or outside capitalists than she has received. or outside capitalists than she has received.

The basin is about eighteen miles in diameter, and every geological indication is

An excellent programme has been prethat the country was at one time covered by a lake. Inside of the rim the "bedrock" is nothing more than a sediment, while the mountains in and around the basin are of granite, with hundreds of porphyry ledges running through them. The Ploneer mine full the property of the play them a game at our city in the near future.

The Mammoth Hill Mining company has at Quartaville, on the west side, owned by the Gold Hill company, is an immense porphyry ledge that is worked sixty feet in width, all of the rock being milled without assorting. The mill has run steadily since and J. F. Dunn. The subscription reaches 250 cm.

but no game was found.

Several arrests have been made in Bear Lake county of late for illegal voting. Deputy marshals are quite frequent here abouts, and more to hear from.

Politics is all the talk in Idaho at the present time. The "Simon pure" Democrats of Bear Lake county held a convention at the county seat on Saturday and elected five delegates to represent their cause at Boise City State convention, to be hold on the 23th inst. Monday the self-styled "Royal" Democrats of Bear Lake county held their meeting at Montpeller, and elected five delegates to attend the state convention at the same time and date. At the "Royal" meeting resolutions were adopted to have no "truck" with "Mormon," "non-Mormon," or anybody that was in "sympathy with them." We imagine one or the other of these "Simon pure" or "Royal" gangs will be unscated, or in other words not seated. Matters political are getting "powerfully" mixed in the free state of Idaho.

The weather has been quite cool and
